The Tauese P.F. Sunia Ocean Center provides visitors and residents with an opportunity to learn about natural and cultural resources of American Samoa. The state of the art facility features educational exhibits, and interactive learning and discovery tools to promote ocean awareness and encourage marine stewardship.

Informational tours will be held at 10am & 3pm (Monday-Friday, and once on Saturday at 10am) which will consist of a guided tour that explains the exhibits and showcase a planetary display of Science on a Sphere. For groups of more than 10 people, we encourage booking tours with Malie Letuli or Apulu Veronika Mortenson by calling 633-6500 or filling out a tour form so we can accommodate and tailor the presentations for specific groups.

The availability of tours is based on a "first come, first serve" basis.

*We look forward to seeing you visit the  
Tauese P.F. Sunia Ocean Center!*

THIS FACILITY WAS MADE POSSIBLE BY THE GENEROUS SUPPORT OF THE
